Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: It was indicated to Attorney Quartin that the recitation of "a host cell in culture" in claim 24 would obviate a 35 USC 112, first para, scope rejection, because the specification did not provide enablement for in vivo transfections as recited on page 24 of the specification and as encompassed by the scope of the claims. Attorney would submit a supplemental amendment to obviate this rejection.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
